TO THE 1969 SENIOR CLASS

As your days at Brooke Hill draw to a close and you move on to college, we are sure that you will continue to show and to increase the dedication to learning that enabled you to acheive one of your major goals - that of graduating from Brooke Hill. The academic foundation you have received here should provide you the basic skills required in college, but the application of these skills will depend on you. The work will be hard and the challenge great but the rewards throughout the rest of your lives will be even greater for those who accept the challenge.

We, the faculty, administration, and Trustees of Brooke Hill wish you every success and we will follow your progress with interest.

THE BROOKE HILL GIRLS OF 1968

DEAR BROOKE HILL GIRLS,

Enthusiasm is, in essence, living. To face each day energetically and optimistically, to meet the world with a smile, and to seek undyingly to fulfill our potential — these are building blocks for a good life. Only with such an enthusiastic attitude can we take advantage of the opportunities afforded us not only at Brooke Hill, but also in college and as members of society.

OUR LOVE,

Kathy Upchurch

If we work upon marble, it will perish.
If we work upon brass, time will efface it.
If we rear temples, they will crumble to dust.
But if we work upon men's immortal minds, if we imbue them with high principles, with the just fear of God and love of their fellow men, we engrave on those tablets something which no time can efface, and which will brighten and brighten to all eternity.

DEDICATION

Through her devoted teaching and by the example she sets for her students, she gives them the basic building blocks of education and character. She shows a sincere interest in those who are not her students, as well as those she does teach. For these characteristics she is well loved and respected by the entire student body of Brooke Hill.

We, the Senior Class of 1969, feel that she is a person who deserves recognition for the nine years she has devoted to serving Brooke Hill. We wish to thank her for the interest she has shown in our senior class. It is with love and appreciation we, the 1969 Seniors, dedicate the BROOKLET to Blanche Black.

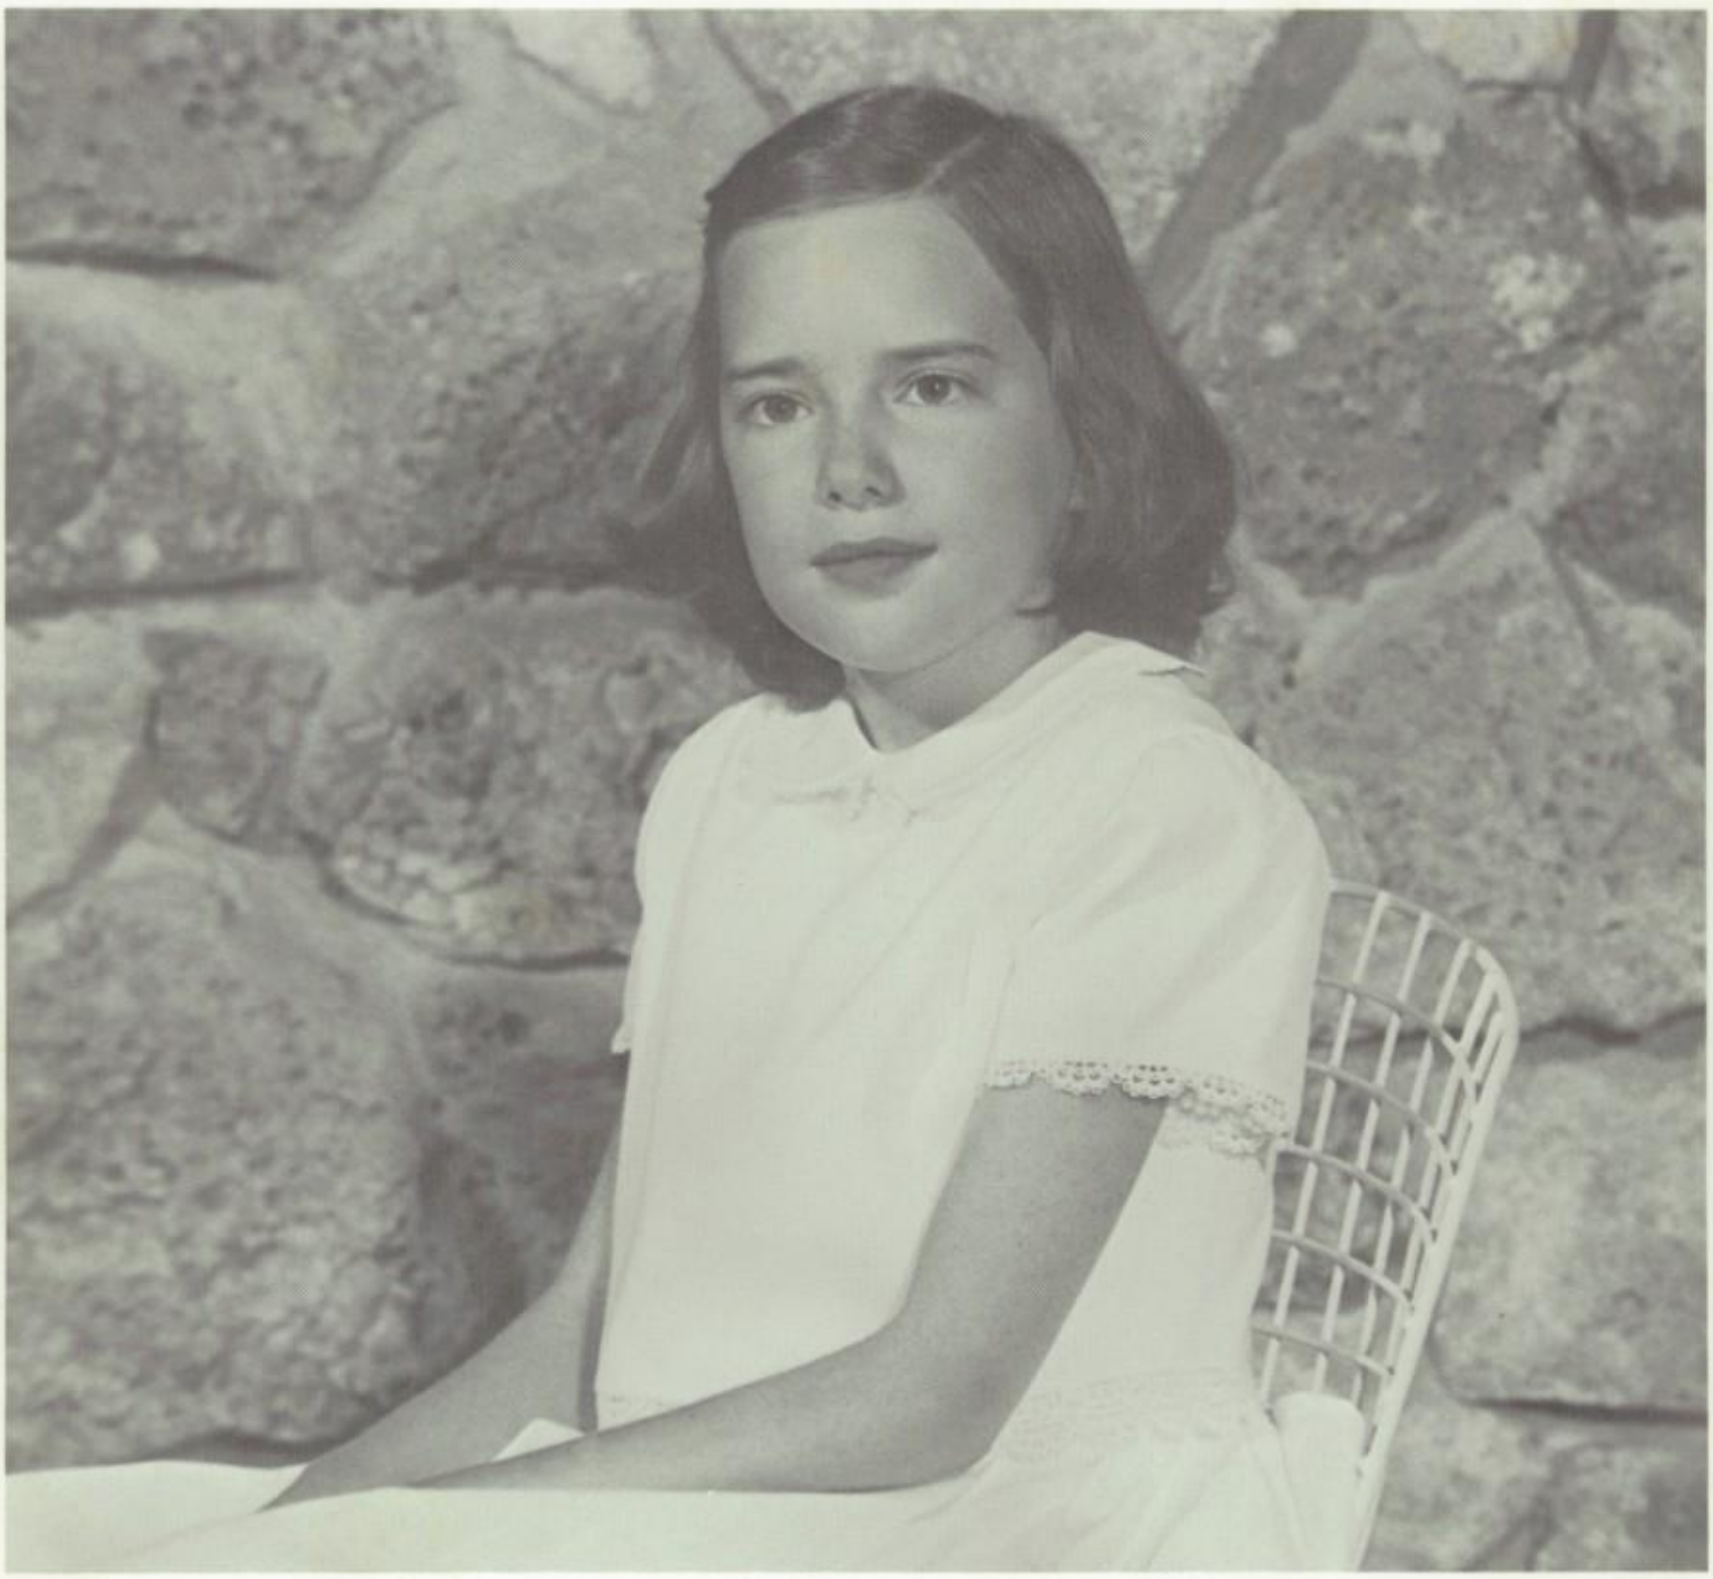
this is the year that was

IN MEMORY



The graduating class of 1969 considers itself very fortunate to have had among its members Susan Norton Hicks. Susan joined our class in the fifth grade, and we will always remember her as she joined in all of our school and extra-curricular activities, and her sense of humor, her intellectual curiosity, her love of fun and her competitive spirit brightened many dull classes. We feel that every member of our class who knew Susan is a better person for that knowing. Therefore, in the year of our graduation and in the pages of our annual, we would like to pay tribute to Susan Hicks, a Brooke Hill girl in the finest sense of its meaning.
